## **Media Advisory**

### **CITY OF VICTORVILLE BREAKING GROUND ON SPRING VALLEY PARKWAY RECONSTRUCTION PROJECT**

#### **FOR IMMEDIATE RELEASE: November 18, 2015**

**VICTORVILLE** – On Friday, Nov. 20 at 10 a.m., the City of Victorville will host a groundbreaking for its Spring Valley Parkway Reconstruction Project. The County of San Bernardino, Spring Valley Lake Association and the City of Victorville have all contributed funds to this project, which will improve Spring Valley Parkway between Bear Valley and Huerta Roads and increase safety for both vehicle and pedestrian traffic.

Sections of Spring Valley Parkway will be reconstructed, resurfaced and sealed. In addition, ADA-compliant curbs and ramps will be installed.

Work is expected to begin on Nov. 30 and continue through December. As a result, traffic will be reduced to one lane in each direction on Spring Valley Parkway between Bear Valley and Huerta Roads, and pedestrian traffic will be re-routed while handicap-accessible curb ramps are installed.

The groundbreaking ceremony will be held in the dirt lot on the southeast corner of the intersection of Francesca and Spring Valley Parkway, adjacent to Excelsior Charter School.

**WHO:** City of Victorville

**WHAT:** Groundbreaking for Spring Valley Parkway Reconstruction Project

**WHEN:** Nov. 20 at 10 a.m.
